Amazing Amusement Park Science**

Are you ready for a hair-raising adventure? Then strap yourself in as we explore the spine-tingling science of amusement parks.

Battling Robo-Botz

Have you ever wanted to build a robot? Join us as we build simple motorized robots that will battle for the title "Best Bot".

Crazy Chemistry**

Join Science Explorers as we become crazy chemists! We will investigate the Periodic Table and learn about its families with fun and exciting experiments.

CSI: Examine the Evidence**

How do Crime Science Investigators help solve crimes? Explore the fun and fascinating field of forensic science.

Discovering Dinosaurs

Do you love T-Rex, Parasaurolophus, Ankylosaurus, and Triceratops? If you do, come and explore the exciting prehistoric world of the dinosaurs.

Elementary Engineering:

Catapults and Trebuchet**

The royal family has appointed you as their loyal master engineer to determine the best castle construction to protect their walls against a marshmallow catapult.

Elementary Engineering: Gearing Up!**

Put your building skills to the test as an elementary engineer by designing and constructing remote-controlled vehicles.

Elementary Engineering: Simple Machines

Do you like building with Lego bricks and K'NEX? Then put your building skills to the test as an elementary engineer by designing and constructing simple machines.

Elementary Engineering:

Super Structures**

Are you up for a challenge? Then join Science Explorers for a fun, hands-on series about structural engineering where you will imagine, design and construct super structures including various bridge designs.

Emergency Room 101

In the Emergency Room, you will become a student doctor as you learn about the human body and basic first aid through plenty of hands on activities.

Lost in Space

Blast off on an adventure through the universe!

The Mechanics of Gizmos and Gadgets**

How did toys work before batteries? They relied on physics. Put science to work as you explore the hows and whys of motion, gravity, energy and more.

Mummies, Mysteries and More!

The Egyptian civilization was one of the richest cultures of the ancient world. Join Science Explorers as we uncover this fascinating time in history.

Myth Busting 101**

Mind-blowing myths or scientific facts? Join Science Explorer as we confirm or bust strange myths and wacky urban legends.

Roaring Rockets! **

Blast off with Science Explorers to accelerate through aerodynamics with rocketry.

Shocking Electrical Science**

Ready for some hair-raising, hands-on, science fun? Then join us to learn about electricity and the flow of electrons.

Techno-Tinkering**

Are you ready for a challenge? Do you find yourself tinkering with batteries, motors and moving objects? Then put your building skills to the test as a techno engineer.

Wizard School

Join Science Explorers as we investigate a wizard's laboratory. You will become an apprentice as you learn the science behind the magic.

Young Inventors 101

You don't need to have gray hair and wrinkles to be an inventor. Children are natural inventors.
